## **Ændring af speditør**

Vi har pr. 1. marts 2026 ændret setup for levering af varer til jer:

Paller: Leveres af DSV SCHENKER  
Pakker: Leveres primært af GLS og UPS

Med dette tiltag sikrer vi en hurtigere levering af varer, herunder også mere smidig fortoldning, ved levering i Norden. Samtidig får vi bedre tracking-information og kan hurtigere informere jer i tilfælde af forsinkelser mv.

Vi håber, I vil opleve en forbedring i leveringsituationen, og ser frem til at fortsætte vores gode samarbejde. Skulle der opstå udfordringer med denne nye løsning, hører vi naturligvis gerne fra jer.

## **Change of freight forwarder**

As of March 1, 2026, we have changed the setup for delivering goods to you:

Pallets: Delivered by DSV SCHENKER  
Parcels: Delivered primarily by GLS and UPS

With this initiative, we ensure faster delivery of goods, including smoother customs clearance, when delivering in the Nordic region. At the same time, we receive better tracking information and can inform you immediately in the event of delays, etc.

We hope you will see an improvement in the delivery situation and look forward to continuing our good cooperation. Please let us know if any challenges arise with this new solution.

Med venlig hilsen / Best regards
